

Diploma in **Child Psychology**

Your Success, Our Dedication

We at Belmont are committed to delivering a transformative educational experience that empowers students to reach their fullest potential.

Providing a nurturing and inclusive environment where students thrive academically and personally.

Inspire and educate well-rounded individuals equipped with the knowledge, skills, and values needed to make a positive impact in the world.

We are dedicated to preparing our students for success as responsible global citizens and future leaders.

PROGRAMME OVERVIEW

This Level 3 Diploma in Child Psychology equips students with a comprehensive understanding of Child Psychology.

The programme begins with foundational concepts in Introduction to Child Psychology.

Students will then explore the complex interplay of Genetics and Environment through Developmental Theories: Nature vs. Nurture. The curriculum then examines the influence of Attachment and Socio-Cultural factors on a child's development. Students will gain further insights into Language and Cognitive Development, as well as Social and Emotional Development. Finally, the programme concludes with a focus on practical applications, equipping students with knowledge of Behavioural Therapies when working with Children.
